### Kudos to New Member's 1st Program

Eric Christiansen brought a new dimension to our weekly programs. The Kiwanis members skyped with Whitney Ciofalo, a friend of Eric's who is working in Equador.

Whitni is a graduate of Bucknell University with a degree in Chemistry. She joined the Peace Corp and has spent the last year in Equador teaching agricultural irrigation methods. It was a very interesting and informative program.

Eric joined Kiwanis in August having moved to Hampton in June to join the office of Jasperson Insurance & Real Estate. He was born and raised in Sioux Falls and graduated from the University of South Dakota at Vermillion majoring in Math. Eric has a lot of interests, too numerous to mention – but a word to the wise, don't challenge him to a bowling match, he's been bowling since 2<sup>nd</sup> grade and was captain of his high school team.
